Your Earnings Structure

As part of the team, you'll receive a **base pay of \$3,000 during first month of training** (the probation period). Starting month 2 your base pay will be increased to \$4,000. In addition, you'll earn a **bonus** for every customer payment you handle.

Your monthly earnings may vary depending on the number and size of payments you process and the volume of sales closed by our Sales Department. High performers may handle up to **\$100,000** in payments per month, thus earning an additional **\$2,500 - \$5,000** in bonuses.

Payment Handling & Future Adjustments

Initially, payments will be deposited into your personal account with a cap of \$10,000 per transaction. We may transition to using a business account in the future to accommodate larger payments and offer bigger bonuses.

As an independent contractor, you'll be responsible for reporting your income on the **1099 Tax Form**. We will reimburse you for the full amount of taxes you pay on the income earned with us annually.

IRS Form W9

Additionally, we'll need you to complete the IRS Form W9, which you can download from the IRS website at <https://www.irs.gov/pub/irs-pdf/fw9.pdf> , and email it back to us within the next couple of months.
